### Covid Guidelines

Everyone is allowed to attend the event at their own risk and is required to comply with the institution's policies, safety regulations and current COVID regulations. The competition will be held in accordance with any epidemiological rules, of which the organizer will inform the participants before the final entry deadline. The presence of spectators at the competition, the restrictions on spectators' entry and the vaccination and testing obligations of delegations (vaccination certificate and / or PCR test or on-site rapid antigen test) will depend on the epidemiological rules in force and the organizer's preliminary provisions. The cost of any testing obligation should be borne by the participating delegations.

## YOUTH RULES

General rules:

- Each pair or group must present a combined exercise, which must be choreographed and performed to music (with or without lyrics).
- The exercise is composed of compulsory elements, selected from the World Age Group Rules, and optional elements, selected from the FIG ToD.
- Music of all exercises has a maximum duration of 2'30". There is no minimum length. The first note of the music indicates the beginning of the time of the exercise.
- There is no height penalty!
- Each pair/group must perform the elements as in the drawings.
- Each pair/group must also perform the required number of optional elements. Optional Elements can be the same as in the Compulsory Tables but not from the same row used in Compulsory and must be chosen out of the Tables of Difficulty. (to indicate that this is the optional element).
- Each element chosen from the Compulsory Difficulty Tables has a stated difficulty value, which is used to determine the Difficulty Value of the exercise.
- Optional elements are NOT used in calculating the Difficulty value of the exercise, although they must be performed to meet Special Requirements.
- The Difficulty value of the exercise is calculated according to the difficulty value of the performed elements up to a MAX of 0,5.

- A penalty of 1.0 is applied when:
- For each missing requirement.
- Performing more elements than the ones required.
- A pair/group or individual element exceeds the stated maximum value.
- A simple element exceeds the maximum number of rotations, twists or the maximum value of 5.
- A forbidden element is performed. (see for forbidden elements FIG 11-16 rules)

This penalty is applied for each violation, even if the performed element is not declared on the tariff sheet.

- In the whole exercise, exactly 4 individual elements must be executed by each partner. 2 from any Balance/Flexibility/Agility category and 2 from the Dynamic category. No salto is required.
- Tumbling elements (Flic flac, salto's, handspring...) must be preceded by motion (run-up, round off...) and land on one or two feet according to the character of the element. If an individual element is not declared, the element that follows is given no difficulty.

- Each pair or group may use simple entries, motions, links, catches and dismounts.
- A penalty of 0.3 is applied for incorrect Tariff Sheet (element order). This penalty is applied only one time per exercise.
- All Special Requirements must be met within the declared elements on the Tariff sheet.

Exception: If a different element is performed than declared for difficulty

on the Tariff sheet, the gymnasts will not receive the difficulty value of this element but it will count for SR.

Only 2 dismounts are allowed for difficulty.

- A maximum of 3 dismounts in the exercise are allowed.
- All the landings of all dynamic elements and dismounts with a value greater than 1 must be supported. If the landing is performed without support, a 0.5 penalty is applied for each occurrence.

Exceptions: Support is optional for dismounts from "cannon-ball" elements and the 5/4 gainer salto from wrap.

Pairs exercise:

- There must be exactly two (2) Compulsory Balance Pair elements, each selected from a different row, I, II, III and IV of the Compulsory Element Table
- There must be exactly one (1) Optional Balance Pair element selected from the FIG Tables of Difficulty.
- There must be exactly two (2) Compulsory Dynamic Elements, each selected from a different row, I, II, III and IV of the Compulsory Element Table
- There must be exactly one (1) Optional Dynamic element selected from the FIG Tables of Difficulty.
- One of the Dynamic Element (Compulsory or Optional) must be a catch.

Pairs restrictions:

- The difficulty of the Optional Dynamic Elements must be a minimum of 1 value and a maximum of value 14.
- The difficulty of the optional balance element must be a minimum of value 1

Groups exercise:

- There must be one (1) Compulsory Pyramid from a row of the Compulsory Element Table.
- There must be one (1) Optional pyramid selected from the FIG Tables of Difficulty, with a minimum difficulty value of 4 and a maximum difficulty value of 16 for the static hold of all partners. (Value of the base position + the value of the top).
- There must be exactly two (2) Compulsory Dynamic Elements, each selected from a different row, I, II, III and IV of the Compulsory Element Table
- There must be exactly one (1) Optional Dynamic element selected from the FIG Tables of Difficulty.
- One of the Dynamic Element (Compulsory or Optional) must be a catch.
